Fine Line Fiber Tip 33

- Lightweight and slim, it provides fine line marking, convenient size and long life.
- Since the 33 is completely filled with ink, not stuffing, it provides 8 to 10 times the writing life of any other marker of comparable size.
- An extra tip is stored in the top of each pen for instant replacement, if necessary.
- Excellent for laboratory use and for labeling containers.

Fiber Tip Action Marker 44

- Valve operated and filled with ink, the contains 10 times the ink supply of the same size marker filled with stuffing.
- Compact and dependable, the Action Marker 44 provides as much as 125,000 inches of markings.
- Action Marker 44 utilizes a patented valve activated ink feed mechanism to supply ink as required.
- Extra felt tips are available.
